

ACM Journals/Transactions

TIST [ACM Transactions on Intelligent Systems and Technology \(TIST\)](#)

[ACM Transactions on Intelligent Systems and Technology \(TIST\)](#) publishes the highest quality papers on intelligent systems, applicable algorithms and technology with a multi-disciplinary perspective. An intelligent system is one that uses artificial intelligence (AI) techniques to offer important services (e.g., as a component of a larger system) to allow integrated systems to perceive, reason, learn, and act intelligently in the real world.
